

LANGUEDOC, FRANCE

# *Racines de la terre*

PAYS D'OC

## Cabernet Sauvignon

### BACKGROUND

Wines from Racines de la Terre are all estate grown and single vineyard varietals near Carcassonne between Minervois and Corbières. The winery has been producing wine for more than 100 years.

### GRAPES

100% Cabernet Sauvignon

### VINEYARD

Clay and limestone on a lagoon bed with salt content.

### WINEMAKING

Mechanical harvest. Traditional vinification in a vat with careful temperature control to protect the natural fruit flavors and enhance the color. Cold maceration deliberately limited to twelve days results in delicate, non-aggressive tannins.

### TASTING NOTES

Ruby red color slightly turning to amber and a nose blackberry and bilberry, typical for this grape variety. A round, elegant, and well-balanced delicacy on the palate.

### PAIRING

Serve with cold meats, especially those that are smoked. Perfect with cow's milk cheeses.

### SERVING SUGGESTIONS:

Serve between 60°F (16 °C) and 64°F (18 °C)

ALCOHOL CONTENT: 13%
